

Mark Burrell

Non-Executive Board Member/Chair of Area Clinical Forum

Following graduation from Dundee in Dentistry in 1991, Mark has worked in secondary care dentistry and oral and maxillofacial surgery since then. Joining NHS Grampian in 1994, Mark has worked full time as a Speciality Dentist in Oral and Maxillofacial Surgery (OMFS) and is now the Service Clinical Director for OMFS and the Aberdeen Dental Hospital/Institute of Dentistry.

His main clinical interest is paediatric oral surgery and service development, focusing on clear pathways of referral from primary to secondary care. He is actively involved in undergraduate and post graduate teaching to dentists and dental care professionals.

Following election to Chair of the Area Dental Committee, he was elected as Chair of the Area Clinical Forum and represents this advisory forum at Board meetings.
